2021 School Accountability Report Card

HOPE
ELEMENTARY SCHOOL DISTRICT
EVERY CHILD, EVERY OPPORTUNITY, EVERY DAY

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Hope Elementary School District is a rural, single-site school district located just southeast of the city of Porterville, with approximately 231 Transitional Kindergarten through eighth grade students served. Originated in 1892, the school district is one of the few single-school districts in the county serving a TK – 8 student population in self-contained classrooms. Parents, students, and family members report a shared feeling of comfort, safety, and appreciation for the small school, family-oriented approach of Hope Elementary School District. Our school community has made it a priority to provide Hope Elementary School students with the very best 21st century education possible. Our staff is committed to making this school year another exciting and successful experience for each of our students. However, with the growing changes in education and the many obstacles faced by school districts statewide, Hope Elementary School realizes the ever-present need to foster and build upon our valued partnerships to be equipped to face those challenges with the tools needed to achieve our goals and make our vision a continued reality. Hope Elementary School is dedicated to serving each student's individual needs, as well as reaching our overall academic goals. We realize that every student matters and thus we created our mission statement, "Every Child, Every Opportunity, Every day". At Hope Elementary School, we provide the essential components of a quality school program, a rigorous academic curriculum to challenge and meet the academic needs of all our students, but we also help each student discover the talents and gifts that exist inside of them and how sharing those attributes builds a better world around us. Board members, staff, parents, students, and community members are committed to continued improvement and working together to make this school an extraordinary place to be.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	
Unknown	
Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Hope Elementary School District follows the the schedule of the State of California for the adoption of K-8 instructional materials. All students have access to their own textbooks that are aligned to state adopted frameworks. Teachers are encouraged to report any deficiencies or shortage of textbooks so they can be replaced.

The staff, the School Site Council (SSC), and the school board previews textbooks on the State Board of Education's approved list.

Books are then placed on display for parents to preview with opportunity for input. The textbooks selected are sent to the board for final approval.

Each classroom is connected to the Internet and each student has a chromebook to use and also check out if they are needing to quarantine or be out for an extended period of time.

School Facility Conditions and Planned Improvements

The Facilities Inspection Tool was administered during the August 2020 by district administration and MOT. All facilities were deemed to be clean and in good repair. Daily maintenance is completed to keep the facilities in good repair. The district's Maintenance, Operations, and Transportation supervisor is responsible for inspection and planning for repairs and maintenance upkeep and provides a monthly report to the Board of Trustees. The overall rating of the FIT performed in August 2020 was 100% with a school rating of exemplary.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative testing suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

For any 2020-2021 data cells with N/T values indicate that this school did not test students using the CAASPP Science.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

There are many opportunities for parents to become an active member of the Hope School community. One of those ways is by becoming a member of the Hope Parent Club. This group of parents meets monthly to plan activities to raise money for student activities and learning opportunities. Another way we include parents to be an active participant in their child's education is by getting them involved with School Site Council and ELAC. The meetings are open to all parents and community members. Due to Covid, we have been having meetings online in which we have seen better involvement. We offer many school activities throughout the school year that involve parents having fun with their children at school. The Hope School Carnival is well attended by parents and the community. Parents are also encouraged to volunteer in their child's classroom as well as attend any field trips their child participates in. Monthly, we have all school assemblies where parents are invited to watch their child be recognized by staff members. In addition to these things, Hope School manages a Facebook page where parents are kept abreast of school activities and can see what is happening in their child's classroom on a regular basis. Each teacher also maintains an classroom app where messages can be sent to parents and parents have the opportunity to respond. Messages consist of assignments that might be due, reminders about school activities, and pictures of what's been happening in the classroom.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The School Safety Plan was a collaborative effort between administration, teachers, parents, and law enforcement. The plan was approved by the School Site Council on January 31, 2022 as well as approved by the Board of Education at its regularly scheduled meeting on February 9, 2022.

Key elements of the plan include: Crisis Response Initial Actions; Duck and Cover, Shelter In Place, Lock Down, Evacuate. These drills are practiced monthly at different times of the day. Notes are taken as to what needs to be improved upon and those details are shared with all staff. At staff development meetings, administration reviews key elements of the document so that it is not just a stack of papers but a living and breathing document that we refer back to in emergencies. Over the summer of 2019, all staff were trained in A.L.I.C.E. (Alert, Lockdown, Inform, Counter, Evacuate) strategies.

Professional Development

The district, through use of LCAP funds and creation of meaningful and beneficial goals, has been able to slowly increase the number of professional development days. Typically the district has enjoyed the use of three days at the beginning of the school year and one day in October to attend a Small Schools Conference collectively. The days are used to focus on curriculum training for better implementation in the classroom and for training in strategies and best teaching practices for English Language Learners.

Every Tuesday afternoon after school lets out our staff is involved in Professional Development. The principal leads the professional development in the areas of supporting ELL's, goal setting, data, and best instructional practices. These PD's are followed up by principal walk-throughs, teacher meetings, and in class coaching with teachers. In addition to the Tuesday Professional Development Days, teachers are sent to PD with the Tulare County Office of Education in the areas of improving reading, writing, and math practices.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
